- 1 Fluids mixture:
  - 1.1 Fluid 1: Description
    - Processing flow (m<sup>3</sup>/hour)
    - \* Density
    - \* Viscosity
    - Temperature
    - \* pH
  - 1.2 Fluid 2: Description
    - Processing flow (m<sup>3</sup>/hour)
    - \* Density
    - \* Viscosity
    - Temperature
    - \* pH
  - 1.3 Fluid 3: Description
    - Processing flow (m<sup>3</sup>/hour)
    - \* Density
    - \* Viscosity
    - Temperature
    - \* pH
- 2 Admissible load loss
- 3 Mixing degree required
- 4 System description:

Note: finding distinct with \* must write data about pressure and working temperature.
